HARDY AND RARE TREES, SHRUBS, FERNS, VINES AND
HERBACEOUS PERENNIALS OF THE BLUE RIDGE MOUNTAINS

ASHFORD, McDOWELL CO., N. C.

November 28, 1934

Dear Customer:

EVERGREENS FOR CHRISTMAS DECORATIONS!

Are you looking for something unusual? Something that has not become common by long-time usage?

Nothing that you can use in your home, or send to friends, will be more distinctive or welcome than a box of rare Christmas Greens from the slopes of the Blue Ridge Mountains.

These evergreens carry, as nothing else can, the Christmas spirit. They breathe the beauty and fragrance of the southern mountains, and they find a ready place in every room of many notable homes in America during the Christmas holiday season.

My Christmas decorations are positively the most carefully selected and the finest to be had. My methods of packing insure delivery in perfect condition, and I guarantee satisfaction or the money will be refunded. The keeping qualities of these evergreens are unsurpassed under ordinary conditions; even in warm rooms, because of their vitality, they will retain for weeks their freshness and brilliant natural colorings.

You will find these evergreens unusual and incomparable decorations both for your own home and the homes of your friends. The cost is nominal and any of our collections will carry more real Christmas than they can possibly be found elsewhere.

These decorations will remain fresh for weeks, bringing a daily thought of the South. One of my friends said that the Galax, Holly and Ground Pine last splendidly until long after Christmas, and that the Spruce and Fir branches remained a brilliant green for over three months.

I take this opportunity to thank you for your past favors and accept your early order for some of these Christmas decorations. With every assurance that your order will have my best personal attention and with my personal guarantee of satisfaction, I am

Yours very truly,

E. C. ROBBINS
